Project progress

1. Progress in achieving project outcome(s) and outputs per logical framework:
For the visited programme intervention in Guatemala, progress achievements are according to planning; programme interventions on track.
2. Assessment of project expenditures: *Adequate.*
3. How do you assess measures taken to manage gender, social and environmental impact. *Adequate measures are taken, with special focus on environment and gender assessment – gender equality and climate change mitigation and adaption also relevant for next H3 Framework Programme.*
4. Are risk assessment and risk management plans up to date? How do you assess the functioning of risk monitoring and risk management of the project? *Risk monitoring and risk management plans are up to date. Good monitoring by H3 offices Nicaragua and especially Guatemala office.*
5. Has the project encountered unexpected challenges? *Difficult human rights situation, Covid-19 and high inflation are main challenges for programme activities in Guatemala.*
6. How do you assess perspectives for impact and sustainability of the intervention? *The visited programme interventions will need future support in order to be sustainable. Difficult especially for human rights projects. Further funding is foreseen in the next Framework Programme starting 2023.*
7. How have past recommendations (incl. evaluations) been considered (if applicable)? *Recommendations have been considered.*
